2. The imported Rice stocks held by the South Kanara Central Cooperative Wholesale Stores Ltd., Mangalore were disinfested with insecticides during the period November 1952 to January 1953 were recovered from the stores. In addition to this a further sum of Rs.124-4-0 being the cost of chemicals, services rendered by the Assistant Entomologist for the disinfestation of another consignment of rice stocks held by the stores in February 1953 was incurred.

3. The expenditure of Rs.226-12-0 being the cost of chemicals and services rendered was incurred during November 1952 to January 1953 prior to the fixation of pool prices. Had the expenditure been intimated by the Assistant Entomologist then and there it would have been included in the release prices. The Assistant Entomologist Madras reports that the figures which had to be compiled and consolidated from several figures furnished by the Marketing Assistants could not be done in time due to paucity of adequate staff. In the circumstances, the Board requests that the expenditure of Rs.226-12-0 incurred during November 1952 and January 1953 may be sanctioned.

4. In regard to the sum of Rs.124-4-0 incurred during February 1953 i.e. after the fixation of pool prices the Collector of South Kanara has been instructed to pay the stores, the amount by drawal of bills from the Treasury.

Sir,

CIVIL SUPPLIES - Foodgrains - Treatment with insecticides recoupment of cost - orders requested.

Letter No. R.C. No. 111 /53 F dated 16-4-1953 from the President U. K.C.C.W. Stores, Ltd., Mangalore.

The stocks of imported rice held by the U.K.C.C.W. Stores, Ltd., Mangalore on private account were disinfested with insecticides in the months of November and December 1952 and January 1953 and a sum of Rs.226-12-0 being the cost of chemicals and services rendered by the Storage Staff was recovered from the Stores and credited to '85 A (a) K. Establishment and other charges Deduct receips and recoveries on capital account" as requested by the Assistant Entomologist Coimbatore. The President U.K.C.C. W. Stores Ltd., Mangalore reports that in addition to the above charges a sum of Rs.17-8-0 was also spent for re-arrangement of stocks to facilitate fumigation work and requests that the toal amount of Rs.244-4-0 may be reimbursed to the Stores on the ground that the margin of profit already allowed to the stores does not include these extra expenses of fumigation of stocks etc.

2. According to the orders contained in Board's L.Dis No. 59246-D/51 C5 dated 12-5-51 the cost of treatment of rice imported from places within the Madras State should be recovered from wholesalers and passed on to consumers by adding it to the release prices. Rice imported by the Stores on quota holders account has already been disposed off and at present rice imported on Government account (Agency basis) is only available- But, in view of the orders contained in Board's Ref. 188949/UI (2) - 52 -24 (C5), dated 11/5/53 which does not permit the addition of any extra charges on the consumers' prices, I solicit orders, whether the amount called-ned by the Stores can be passed on to consumers by adding it on to the release prices of stocks held by it on agency basis or whether it should be re-imbursed by drawal of bills from the Treasury or by adjustment from the amount due from the Stores. I presume that the stores cannot claim the cooly charges incurred by it for rearrangement of stocks which it has to meet from its profit margin. I request to be informed whether my presumption is correct.

3. In his letter No.C52-52 dated 15-4-1953, the Asst. Entomologist, Coimbatore has ordered the recovery of a further sum of Rs.124-4-0 being the cost of chemicals and services rendered by the Storages staff for disinfestation of rice stock held by the Stores in February 1953 (imported on quota holders account). The amount is pending Collection. I request to be informed whether it needs recovery in view of the facts stated in para 2 above. Its collection will be held in abeyance till the receipt of orders of the Board on this reference.
